Simola Golf Course and Country Club Estate is designed to embrace life.

Here, in one of Africa's most beautiful places, the Estate becomes a sumptuous complex combining health and beauty services with state-of-the-art exercise and fitness facilities. Walking, running, horse riding and cycling trails encourage physical, mental and spiritual well-being. A hotel, golf, a health spa and a river club (with excellent salt water fly fishing in the Knysna Lagoon) are just some of the facilities planned for the members and residents of Simola Golf & Country Estate.

... And if the whole is greater than the sum of its parts, then the Simola Lifestyle will be more even than the great golf course and facilities you'll find at Simola Golf & Country
